

Dow Jones Economic Report

Real-Time, Extensive Coverage and Analysis of Global Foreign Exchange, Bond and Money Markets

The Dow Jones Economic Report offers traders unparalleled market-moving, financial, political and economic news covering global foreign exchange, fixed-income, derivatives and money markets. It delivers concise, accurate real-time news and analysis to traders, dealers, economists and fund managers who require a multi-dimensional picture of what's influencing the flow of money, global business and world economics. The 24-hour Dow Jones Economic Report contains broad coverage from equity, energy and commodities markets.

Focus on the currency and fixed-income markets with up to-the-second news, statistics, analysis, and commentary from around the world.

- Foreign Exchange Roundups - regular, detailed summaries of activity from all the major trading centers.
- Commentary on major, secondary and exotic currencies throughout the day, and market news put in focus.
- Money Markets - regular comment and news on the issues affecting these highly liquid, short-term funds.
- Fed, ECB, BOE and BOJ Watch - each feature offers regular analysis of the major central banks' fiscal policy stance, and also examines issues likely to influence policy makers.

Real-Time Insight into Market Direction:

- Market-Moving News: Comprehensive coverage of G7, IMF and other major events.
- DJ Market Talk - continuously updated reports and analysis on what's happening in global foreign exchange and fixed income markets. DJ Market Talk provides 24-hour real-time rolling commentary triggered by news events, speculation, technical factors and expert forecasts - all in quick to read and absorb snippet format. Extensive coverage of central bank officials.
- Economic indicators, trends and policy changes.
- Political events, shifts in political leadership, trade negotiations and legislative news.
- Government regulation and attitudes toward trade and investment.

Follow events and trends that directly impact interest and exchange rates:

- Political, Government, Financial, Company and Industry News for a complete picture of what influences the flow of money and shapes the global fixed-income markets.
- Bond News - global coverage of government and corporate bond markets, including commentary, details of new issues, ratings news and derivatives. Comprehensive coverage of convertible bonds and asset-backed securities.
- Equities News - extensive coverage of all blue-chips, financial companies and bondissuers as well as coverage of all major stock markets.
- Energy & Commodities - fundamental and technical developments, government actions and market summaries.

Read In, Catch Up:
